

# CABLITE ECO

The **CabLite® ECO** LED down lighting series, provides environmentally friendly modern LED lighting technology, in architecturally pleasing fixture designs. Our product provides high lumen output for elevator code compliant light levels, with 120-degree light disbursement for full fixture illumination, enhancing the overall beauty of your cab interior, insuring passenger comfort and safety.

## THE CABLITE® ECO ADVANTAGE

- **Certified Elevator Product**, CSA compliant, TUV listed, meets all ASME A17.1 code requirements for general and emergency lighting.
- **Dimmable LED Lighting**, specifically designed for 24/7 continuous use in elevators.
- **Superior Cab Illumination**, providing code compliant light levels, projecting an even light disbursement, eliminating unsightly light reflections with no LED pixilation or hot spots in the cab.
- **Consistent LED Color Rendering**, available in Warm White, Natural White and Crisp Bright White for superior video recording imagery.
- **ECO-Friendly**, Energy Efficient, low wattage, LED lighting helps reduce carbon foot print
- **LED Life Expectancy** is unaffected by elevator automatic light controls or extreme ambient temperatures, even with instant – on / instant – off lighting applications.
- **Low Profile Fixture** design allows for increased ceiling heights.
- **Reduces Maintenance** with no bulbs, drivers or ballasts to replace and serviceable by maintenance personnel from inside the cab.
- **2 – Year Warranty.**
- **Lighting Fixture Color** choices are brushed #4 stainless steel or black.

## OPTIONAL ACCESSORIES

- **Emergency Lighting** – battery backup for two or more lights exceeds all code requirements
- **Energy Saving** Auto light & fan control – lights on/ lights off technology for unoccupied cabs.
- **Custom Trim Colors** and finishes available.
- **Universal Adapter Plates**, upgrade any existing oversized ceiling hole dimension.
- **Car Top Light Covers** for flexible conduit connectivity and Car Top Step protection.
