CabLite ECO
SPECIFICATIONS

Model: CabLite®ECO

Material   Stamped Aluminum

Mounting   High Tensile Spring Fasteners

Dimensions   (Raised Bezel)   (Flat Bezel)
2.00" Height Overall   2.00" Height Overall
2.75" Hole Cutout   3.125 Hole Cutout
3.00" Overall Diameter   3.75" Overall Diameter

Finishes (Standard)

	Black	Black
	Silver	Silver
	#4 Brushed Stainless	#4 Brushed Stainless
(optional colors)	White, Gold, Bronze	White, Gold, Bronze

LED

Viewing Angle	120 Degree	120 Degree	120 Degree
Kelvin Temperature	3000K	4000K	5000K
CRI	82.9	84.6	85.3
Lumens	228.58 lm	261.24 lm	320.68 lm
Number LED	9	9	9
Wattage	5	5	5
Input Voltage	24VDC	24VDC	24VDC

*Note: Lumen calculations based on Independant Laboratory Testing.

Power Supply   Input 100VAC– 240VAC 50/60Hz for Worldwide installation
Output : +24VDC

Dimming Control   30....100% (Included)
Dimming Control Secondary Remote for COP (optional)

Hardware & Wiring
Includes electrical box with plug & play quick connect wiring harness cables.

Emergency Lighting - Battery Back Up (Optional)
Operates two lights and exceeds elevator code requirements through AMSE 17.3 -2010
